Portfolio Securities

Pecunia SPC may constitute an unlimited number of segregated portfolios (the “Segregated Portfolios”) which have segregated assets and liabilities between themselves and with Pecunia SPC. Pecunia SPC may issue portfolio securities in respect of each Segregated Portfolio it establishes (“Portfolio Securities”). All Portfolio Securities of a Segregated Portfolio participate equally in the net assets of that Segregated Portfolio that are represented by the appropriate class(es) of Portfolio Securities on liquidation and in any dividends and other distributions attributable to that Segregated Portfolio as may be declared. All Portfolio Linked Notes (“PLN”) of a Segregated Portfolio track equally the performance of that Segregated Portfolio. Pecunia SPC has issued a portfolio security for Haack SP named Haack PLN (ISIN: KYG6974MAH67).

Segregated Portfolio Structure and Segregated Assets

A segregated portfolio company shall be a single legal entity and any segregated portfolio of or within a segregated portfolio company shall not constitute a legal entity separate from the segregated portfolio company.

A segregated portfolio company may create one or more segregated portfolios in order to segregate the assets and liabilities of the segregated portfolio company held within or on behalf of a segregated portfolio from the assets and liabilities of the segregated portfolio company held within or on behalf of any other

segregated portfolio of the segregated portfolio company or the assets and liabilities of the segregated portfolio company which are not held within or on behalf of any segregated portfolio of the segregated portfolio company.

Segregated portfolio assets (a) shall only be available and used to meet liabilities to the holders of segregated portfolio securities who are creditors or holders of segregated portfolio securities in respect of that segregated portfolio and who shall thereby be entitled to have recourse to the segregated portfolio assets attributable to that segregated portfolio for such purposes; and (b) shall not be available or used to meet liabilities to, and shall be absolutely protected from, the creditors of the segregated portfolio company and holders of segregated portfolio securities who are not creditors or holders of segregated portfolio securities in respect of that segregated portfolio, and who accordingly shall not be entitled to have recourse to the segregated portfolio assets attributable to that segregated portfolio.

Where a liability of a segregated portfolio company to a person arises from a matter, or is otherwise imposed, in respect of or attributable to a particular segregated portfolio — (a) such liability shall extend only to, and that person shall, in respect of that liability, be entitled to have recourse only to — (i) firstly, the segregated portfolio assets attributable to such segregated portfolio; and (ii) secondly, unless specifically prohibited by the articles of association, the segregated portfolio company's general assets, to the extent that the segregated portfolio assets attributable to such segregated portfolio are insufficient to satisfy the liability, and to the extent that the segregated portfolio company's general assets exceed any minimum capital amounts lawfully required by a regulatory body in the Islands; and (b) such liability shall not extend to, and that person shall not, in respect of that liability, be entitled to have recourse to the segregated portfolio assets attributable to any other segregated portfolio.

Where a liability of a segregated portfolio company to a person arises or is imposed otherwise than from a matter in respect of a particular segregated portfolio or portfolios, such liability shall extend only to, and that person shall, in respect of that liability, be entitled to have recourse only to, the company's general assets.

Calculation of Net Asset Value

The Net Asset Value of the Segregated Portfolio and the Net Asset Value per Note shall be calculated by the Issuer as of the last Calendar Day each month or at such times as the Directors may determine. The Redemption Price will be available upon request from the Issuer.

Unless otherwise stated or supplemented in this Terms and Conditions, the value of the assets in the Segregated Portfolio shall be ascertained on the following basis:

- (A)** the value of any investment other than an open-ended collective investment scheme quoted, listed or normally dealt in on or under the rules of any stock exchange or other regulated market, organised trading facility or multilateral trading facility considered by the Directors to provide a satisfactory market for the securities in question (a "**Regulated Market**") shall be calculated by reference to the price appearing in the account statement of the Broker and/or Custodian. The Issuer can rely on the prices provided by the Broker and/or Custodian directly to either the Issuer or another iMAPS group company for such quoted assets.
- (B)** the value of any underlying investment of the Segregated Portfolio, or of any asset that is to be transferred in kind to the Segregated Portfolio, which is not quoted, listed or normally dealt in, on or under the rules of a Regulated Market, shall be the initial value thereof ascertained as hereinafter provided, or the value thereof as assessed on the latest revaluation thereof made in accordance with the provisions hereinafter contained. For this purpose:-

 - (i) the initial value of an underlying investment held by the Segregated Portfolio, or of an asset to be transferred in kind to the Segregated Portfolio, shall be the amount expended by the Segregated Portfolio in the acquisition of the underlying investment, and in the case of an asset to be transferred in kind to the Segregated Portfolio, the value of such asset on the transfer date; or
 - (ii) the Directors or any service provider empowered to do so may at any time cause a revaluation to be made of any such underlying investments held by the Segregated Portfolio, or of any asset to be transferred in kind to the Segregated Portfolio, by any third party appointed for such purpose by the Directors or by a service provider empowered to do so, in accordance with any applicable valuation guidelines, and verified by the Auditors or by another independent recognised audit firm;
- (C)** the value of each unit or share in any open-ended collective investment scheme which provides for the units or shares therein to be realised at the option of the unit holder or shareholder out of the assets of that scheme shall be the last published net asset value per unit or share;
- (D)** derivative instruments shall be valued using quoted market prices for publicly traded derivatives or, in the absence of quoted market prices, appropriate valuation techniques as the Directors shall from time to time determine. The Issuer can rely on prices provided by the Broker;
- (E)** cash, deposits and similar property shall be valued at their face value (together with accrued interest) unless, in the opinion of the Directors, any adjustment should be made;
- (F)** investments in managed accounts of quoted assets shall be valued at the net liquidation value as provided by the broker of the managed account directly to the Issuer;

- (G)** property other than investments and derivatives shall be valued in such manner and at such time or times as the Directors shall from time to time determine;
- (H)** notwithstanding any of the foregoing sub-paragraphs, the Directors may adjust the value of any investment or other property or permit some other method of valuation to be used if they consider that in the circumstances (including without limitation a material volume of subscription or redemption of Notes in the Segregated Portfolio; or the marketability of the investments or other property; or such other circumstances as the Directors deem appropriate) such adjustment or other method of valuation should be adopted to reflect more fairly the value of such investment or other property;
- (I)** every Note allotted by the Company shall be deemed to be in issue and the Segregated Portfolio shall be deemed to include the net amount of any cash or other property to be received in respect of each such Note;
- (J)** where, in consequence of any notice or redemption request duly given, a reduction of the Segregated Portfolio by the cancellation of Notes has been or is to be effected but payment in respect of such reduction has not been completed, the Notes in question shall be deemed not to be in issue and any amount payable in cash or investments out of the Segregated Portfolio in pursuance of such reduction shall be deducted;
- (K)** where any investment or other property has been agreed to be acquired or realised but such acquisition or disposal has not been completed, such investment or other property shall be included or excluded, as the case may be, and the gross acquisition or net disposal consideration excluded or included as the case may require as if such acquisition or disposal had been duly completed;
- (L)** there shall be included in the assets an amount equal to all such costs, charges, fees and expenses as the Directors may have determined to amortise less the amount thereof which has previously been or is then to be written off;
- (M)** where an amount in one currency is required to be converted into another currency the Issuer may effect such conversion using such rates as the Directors shall determine at the relevant time except where otherwise specifically provided herein;
- (N)** there shall be deducted from the assets such sum in respect of tax (if any) as in the estimate of the Directors will become payable in respect of the current Accounting Period;

(Q) Securities tracking the value of the Notes shall be valued at the value of the Notes and netted with the Notes for NAV Calculation purposes.

The Directors may, after consultation with the Investment Manager, adjust the value of any investment or other property or permit some other method of valuation to be used if they consider that in the circumstances (including without limitation a material volume of subscriptions or requests for repurchase of Notes in the Segregated Portfolio; or the marketability of the investments or other property; or such other circumstances as the Directors deem appropriate) such adjustment or other method of valuation should be adopted to reflect more fairly the value of such Investment or other property.

All values assigned by the Directors, in consultation with the Investment Manager to any investment and/or liability of the Company shall be final and conclusive absent manifest error.

Valuations and any other related information obtained by the Directors may not be subject to independent review or investigation and the Company, the Investment Manager, the Broker and Custodian are entitled to rely on such valuations and information without independent verification.

Effective from 1 January 2023, any Set-Up fee charged by the Company or Investment Manager will be applied to the valuation once the AuM of the SP exceeds EUR1.25 million and be amortised over 5 years. If the AuM subsequently decreases below EUR1 million, the total amount of unamortised set-up fees will be written off to expenses.

Effective from 1 January 2023, where the liquidation fee applicable to the relevant Segregated Portfolio is more than EUR10,000, if the AuM of the SP decreases below EUR1,000,000, then the liquidation fee shall accrue on a monthly basis so that after 2 years, the full liquidation fee has been accrued. Otherwise, the liquidation fee shall accrue for 2 years if the AuM decreases below EUR500,000.

If the value of a Segregated Portfolio's assets is adjusted after any Valuation Date, the Directors will not be required to revise or recalculate the Net Asset Value on the basis of which subscriptions, redemptions or exchange of Notes of that Segregated Portfolio may have been previously accepted.

For the purpose of the calculation of the NAV per Note, the value of assets or liabilities denominated in a currency other than the Base Currency of that Note shall be determined by taking into account the rate of exchange prevailing at the time of the determination of the Net Asset Value.

NAV per Note

Where there is one issue of Notes in a Segregated Portfolio, its NAV per Note shall be determined by calculating the Net Asset Value less the value of securities tracking the value of the Notes divided by the number of Notes outstanding less the number of securities tracking the value of the Notes. Otherwise, the NAV of each Note in a Segregated Portfolio shall be determined by calculating the Net Asset Value attributable to the issue of Notes of which that Note forms part divided by the number of Notes outstanding in that class as at the time that the calculation is made.

The NAV per Note shall be rounded to two (2) decimal places and shall be expressed in the Base Currency of the Notes concerned.

Valuation Errors

The Company or the Investment Manager shall not be responsible for any error in calculating the value of assets if the Company or the Investment Manager, as the case may be, has acted in good faith when making such calculations, and no adjustment shall be made to the values of any assets unless the valuation error exceeds 5% (five percentage point) of the NAV, in which case it shall be adjusted.
